34-11 Vernon Boulevard
Long Island City,
NY 11106

phoenixhouseny.org

To address the opioid overdose crisis and support individuals challenged by substance use, we provide rapid access to FDA-approved medications for treatment. Beyond medication, we also support the continuum of care to reduce unmet treatment needs.

We deliver a full range of services including screening, brief intervention and referral to treatment; comprehensive assessments, individual, group and family counseling, peer recovery coaching, and much more!
